Annual 47 C.F.R. § 64.2009(e) CPNI Certification

EB Docket 06-36

Annual 64.2009(e) CPNI Certification for 2011

Date filed: March 1, 2012

Name of company covered by this certification: Able Infosat Communications, Inc.

Form 499 Filer ID: 826172

Name of signatory: Graeme Watson

Title of signatory: President & CEO

I, Graeme Watson, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. *See 47 C.F.R. § 64.2001 et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules.

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.

The company represents and warrants that the above certification is consistent with 47 C.F.R. § 1.17 which requires truthful and accurate statements to the Commission. The company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

Signed _____/s/ Graeme Watson_____

ANNUAL CPNI COMPLIANCE STATEMENT AS REQUIRED BY SECTION 64.2009(e) OF THE FCC'S RULES

The following statement explains how operating procedures followed by Able Infosat Communications, Inc. ("Able Infosat") ensure that it complies with the Customer Proprietary Network Information ("CPNI") rules established by the Federal Communications Commission (*i.e.*, 47 C.F.R., Part 64, Subpart U).¹

To the extent Able Infosat has access to CPNI as defined by Section 222(h)(1) of the Communications Act, it does not use CPNI within the United States for any purpose prohibited or otherwise limited by the Commission's CPNI rules.

In some cases, Able Infosat markets to United States customers through distributors that act as agents of Able Infosat; these distributors are subject to a confidentiality clause prohibiting disclosure of confidential information, including CPNI, without prior written consent from Able Infosat. Able Infosat does not disclose CPNI to such distributors except in accordance with Section 64.2005(a) of the Commission's rules. Able Infosat employees are informed of the appropriate use of CPNI, and are prohibited from releasing CPNI to any party other than distributors who operate under confidentiality agreements as described above. Employees who do not follow the above procedures are subject to disciplinary action.

Because Able Infosat does not use CPNI and does not engage in any marketing activities in the United States except in accordance with Section 64.2005(a) of the Commission's rules, it does not presently (1) have in place a system by which the status of a customer's CPNI approval can be clearly established (no approval is sought because the CPNI is not used), (2) maintain a record of its sales and marketing campaigns that use its customers' CPNI (there are no such campaigns), and (3) have in place a supervisory review process with respect to outbound marketing situations (there is no outbound marketing). However, Able Infosat stands ready to comply with these provisions of the Commission's CPNI rules should it begin using CPNI for marketing or other purposes not permitted by the rules.

¹ As stated in a notification that was filed on January 19, 2007, a sister company, Infosat Communications Inc., previously assigned its Section 214 international common carrier authorizations to Able Infosat. As stated in a notification that was filed on December 12, 2008, Able Infosat more recently assigned its Section 214 international common carrier authorizations to another sister company, Infosat Able Holdings, Inc.
